OLD TIMES IN FRANKFORT.

No. X.

A familiar form on the streets of Frankfort, of that day, was the portly figure of Col. S. I. M. Major, who was the Mayor, Public Printer and proprietor of the Yeoman newspaper. He was an accomplished scholar and had, perhaps, the best selected library in Central Kentucky. He was often seen in company with his two inseparable friends and admirers, Geo. R. Valandingham, city clerk, and Al Hensley, legislative reporter. Col. J. Stoddard Johnston was editor of the Yeoman, and the friendly bouts between it and the Commonwealth, of which Col. A. G. Hodges was publisher, were sharp, crisp and racy. The two papers were long the accepted organs of the Whig (or Union) and Democratic parties.

Ned Burns, who did business on the corner of Cat Fish Alley and Broadway, or Market street, was well known as a person of forcible views and possessed of a deal of dry humor. His business required his close attention, and one day, in passing his establishment, a citizen now living, reprimanded him for not being in attendance at church. "Niver moind—niver you moind. I'll be in heaven long before you ever get to Cincinnati."

The sneeze of Uncle Nelse Alley, who kept a livery stable on Main street, and his sonorous snore, that proclaimed his entrance into the land of dreams, were historic events that strongly impressed the minds and lived in the memories of those who resided in the vicinity.

Judge Jack Bibb had retired from the bench, and being a fisherman of recognized standing and reputation, was wont to employ his leisure hours in strolling down to the city wharf, taking his chair with him, and trying his luck in the river. On one occasion he employed a frog for bait, thinking to beguile a catfish. Casting his bait into the river, he sat and waited for a bite. The day was warm, the sun hot, and as the moments passed, Judge Bibb fell asleep. How long he slept is not evident—possibly an hour—but when he awoke and began to reel in, his line kept returning to him till it reached his feet, when, looking down, he saw the frog sitting on the ground by his chair, and looking up at him with a smile that was "childlike and bland."

The old Dominion Restaurant, of Dennis L. Haly, with old Ben as cook, fed its thousands of public men from all parts of the country, representing all stations and ranks of public life, and the stories and incidents, affecting public men, that floated through its rooms, during the convivial hours, would fill volumes.

The experiences of various unsophisticated members of the Legislature formed no little part of the household talk of that time. One member from the waters of "Hell-for-Sartin" Creek, was inclined to attend divine services on Sunday. Strolling down street, without a guide, he finally landed at the door of the Episcopal Church. He entered and remained till the congregation was dismissed. Later, a friend was inquiring of him if he went to church, and where? "Oh," said he, "I went down and hunted around and saw a one-horn, tin-top church and went in."

"How did you get along," was the inquiry?

"Easy enough," he replied, "I didn't want to be out done; so I riz and fell with the balance!"

She was dressed in home-spin and wore a poke bonnet. There was a grand opera at Major Hall that night. Several brother members of the Legislature thought it would be a good thing for her and her husband to go and be dazzled by the wonders of the stage, and bought tickets for both. She declined. They insisted. At last, after much persuasion, she reluctantly yielded, with the declaration: "Well, I'll go—but I low I won't take no part."

She evidently thought the affair was to be a sort of old Virginia reel or break down, or maybe a school-house show, like they used to have up on Bitter Creek.

Base ball was just then in its infancy, but the craze was spreading. Among the patrons of the game were Col. Thos. Rodman, J. Lucien Waggener, Wm. J. Chinn, Uncle Minus Williams, and one or two others. No game could go on without them. An amateur game was arranged, to take place in the lot on the corner of Murray and Todd streets. Lucien Waggener was one of the outfielders and took an umbrella with him to keep off the sun's rays. A ball coming his way, he inverted the umbrella and caught it safely. A foul was claimed, but the umpire decided the ball was "safe"—couldn't get out of the umbrella.

When the Capital Base Ball Club defeated the Eagles, of Louisville, in the three days' tournament on the Bellepoint Park grounds, all Frankfort went wild. The crowd in attendance was immense, and, with the winning run, bedlam broke loose. Joy was universal. Lucien Waggener smashed his new stove-pipe hat. Col. Thos. Rodman beat his umbrella to pieces. Col. Will Chinn and Col. Louis Manzan lugged each other, and Uncle Minus Williams, who had ridden his horse to the grounds, walked to town and forgot the horse.

WHEN HER BACK ACHES.

A Woman Finds All Her Energy and Amotion Slipping Away.

Frankfort women know how the aches and pains that come when the kidneys fail make life a burden. Backaches, hip pains, headaches, dizzy spells, distressing urinary troubles, all tell of sick kidneys. Doan's Kidney Pills, the stealthy approach of diabetes, dropsy and Bright's disease. Doan's Kidney Pills permanently cure all these disorders. Here's proof of it in a Frankfort woman's words:

Mrs. Tinae Lagle, of 527 North St. Clair Street, wife of M. D. Lagle, proprietor of barber shop near the depot, says: "For some four or five years, I hardly knew what it was to be free from an aching back, and the irregular action of the kidneys at the same time, caused other symptoms, which were very annoying and distressing. Although I tried different remedies I was unable to find anything that would do me any permanent good until I learned of Doan's Kidney Pills and procured a box at J. W. Gayle's drug store. I had taken but a few doses of this good preparation when I realized I was regaining my health, and on a continuation of the treatment, I found my condition so much improved as to be in almost beyond belief. For all of this I owe my thanks to Doan's Kidney Pills."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.

Remember the name—Doan's—and take no other.

A GOOD LAW.

What is known as the dog tax law has passed both houses of the General Assembly, and will, doubtless, be signed by the Governor. It is a good law.

For the benefit of our farmer friends and patrons, we give the bill in full, as follows:

An act to promote the sheep industry and provide a tax on dogs. Be enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. Each year every dog over four months old shall be liable for taxation as herein provided, either by the owner or by the assessor in the name of the owner, without fixing any valuation thereon. Provided, The owner may, if he so desires, affix any value thereto he wishes. Every person who keeps or harbors a dog, or who knowingly permits the keeping or harboring of a dog upon his premises, shall, for the purposes of listing and taxation, be deemed the owner thereof, and the assessor and his deputies shall ascertain the owner or harborer of each dog within his territory, and list and return the same by magisterial districts. The Auditor shall provide blank spaces in assessment schedules, and the assessor, in listing a dog, shall enter its description upon the schedule, stating the kind, sex, age, color, size and name, if any.

Sec. 2. The owner of every dog over four months of age shall pay a license tax thereon of one dollar. The first assessment under this act shall be made in the year 1906, between the fifteenth day of September and the thirty-first day of December. Said license tax shall be due and collectable as other taxes, and collected by the sheriff and reported to the Auditor and paid to the Treasurer, but the sheriff shall keep such licensed tax on dogs separate from other funds, and so report to the Auditor and pay to the Treasurer, and the Treasurer and Auditor shall keep separate accounts of such taxes by counties. The amount of license tax on dogs shall be used to indemnify losses by the killing or injuring of sheep by dogs, as herein provided.

Sec. 3. Whenever any sheep are killed or injured by dogs, the owner or person having custody of same shall, without delay, and within twenty-four hours after such killing or injury is made known to him, notify the magistrate in whose district the sheep are located, and make affidavit setting forth the number of sheep killed and the number injured, the kind, age, grade or quality, amount and nature of injury thereto, and that such damage was not caused in whole or in part by a dog owned and harbored by him, and that he does not know whose dog caused the damage, or, if known, and such account reduced to writing, and the same collected on execution. The magistrate shall then appoint two disinterested and discreet freeholders of the county where the injury was done, to appraise the damage, and shall furnish them with claimants' affidavit or a copy thereof, and an appraisal of the same, and forward the same, with a written report on the claim to the magistrate, who shall forthwith examine such sheep and make a written report on the claim to the county clerk, together with his recommendation endorsed thereon. The clerk shall file the same in his office, and endorse thereon the date of such filing. The magistrate and each of the appraisers should be allowed fifty cents for their services, to be paid out of the dog tax fund of such county as other claims.

Sec. 4. At each meeting of the fiscal court the claims for loss or damage to sheep, which have been filed not less than thirty days prior to such meeting, shall be taken up and considered, and rejected, or, if correct and just, allow the same, or such parts thereof as may be deemed right. Provided, That the fiscal court may require additional evidence on any such claims, either by oral testimony or affidavits. Such claims as are allowed shall be filed with the Auditor, who shall, after the first of January of each year, take up all such claims by counties, and draw his warrants upon the Treasurer in favor of claimant for the amount allowed by the fiscal court. Provided, That the amount of the dog tax fund to the credit of any county be not sufficient to pay all claims from such county, the Auditor shall prorate the claims from such county. Any surplus remaining to the credit of a county after all such claims are allowed, shall be transferred to the credit of the school fund of such county.

Sec. 5. Every person owning or harboring a dog shall be liable to the party injured for all damages done by such dog; but no recovery shall be had for personal injuries to any person when they are upon

the premises of the owner of the dog after night, or upon the owner's premises engaged in some unlawful act in the day time. Whenever a recovery is had before any court for damages to sheep by a dog, the court may order the defendant to kill or cause to be killed such dog within two days after the rendition of the judgment.

Sec. 6. Any dog returned for taxation, and the tax on which is paid when due, shall be regarded as property and shall be entitled to the same protection as live stock. The owner of any dog listed for taxation which may be injured or killed contrary to law, or carried or enticed away from the premises of the owner, or from the premises of the person for so killing or purpose of killing or injuring such animal, or depriving the owner thereof, may recover exemplary damages from the person for so killing or injuring or enticing away such dog. Provided, That in the trial of any action for damages arising under this section it shall be competent to offer in evidence whether in listing such dog any value was affixed by the owner and the amount of such valuation. Any person violating the provisions of this section shall be liable to prosecution as in case of injuring any live stock or personal property of another.

Sec. 7. Any owner or harborer of a dog, subject to be taxed, who shall fail or refuse to list the same with the assessor, shall be fined in any sum not exceeding \$10 for each dog he so fails or refuses to list for taxation; and any person who shall keep or harbor a dog upon his premises or elsewhere, and who shall refuse to pay the tax thereon when due, shall be fined in any sum not exceeding \$25 for each offense; and, upon conviction of this offense, may include an order requiring such dog to be killed, which order may be executed by any peace officer, who shall be allowed \$1 therefor, to be taxed as costs. It shall be the duty of the sheriff, and his deputies, and each constable in his district, to kill any dog to be killed by order of the court, and any dog, the owner of which has failed or refused to pay the tax thereon when due, and for each dog so killed, without the order of a court, such officer shall be allowed by the fiscal court fifty cents, to be paid out of the dog tax fund. For the purposes of this act the tax on dogs shall be considered due on the first day of March of each year. Provided, however, That the sheriff may collect such tax at any time and in such manner as taxes are now collectible by law.

Sec. 8. If any person shall willfully poison any dog not his own, or put out any poison or poison bait upon his own premises or elsewhere, or upon any dog, he shall be fined not less than \$25 nor more than \$100 or be confined in the county jail for any term not exceeding one month, or shall be both so fined and imprisoned in the discretion of the jury. Any person violating the provisions of this section shall be liable in damages for any dog poisoned thereby.

Sec. 9. A Justice of the peace, on proof that any dog is mad, or has been bitten by a mad dog, or has killed or wounded any sheep, may order such dog to be killed; and the owner who executes the order shall be paid one dollar by the owner of the dog and collected as costs. If any person shall conceal a dog so ordered to be killed, or prevent the execution of the order, he shall be fined \$5 for every day such dog so offend. Any mad dog or dog having the disease known as the "rabies" may be killed by any person, except when confined by the owner upon his own premises.

Sec. 10. That an act, entitled "An act to amend chapter 29, General Statutes," approved May 17, 1886, be, and the same is hereby, repealed, and all laws in conflict with this act are, to the extent of such conflict with this act, are, to the extent of such conflict, hereby repealed.

Why Buy McClure's?

McClure's Magazine is bought and read in homes not because it is a magazine, but because it is the magazine. Why?
FIRST—THE PRICE. It costs but one dollar a year, or less than ten cents a number, for over thirteen hundred two-column pages of reading matter. This amounts in actual bulk to twenty or twenty-five books costing any where from a dollar to two dollars a volume.
SECOND—QUALITY. The reading matter is written by America's leading writers—the best short-story writers, the best writers on timely articles, the best writers of important serials, such as Schurz' Reminiscences or Baker's Railroad articles.
THIRD—TIMELINESS. The reading matter in McClure's is not only good; it is not only entertaining, amusing, instructive and inspiring—it is also about the subjects in which you and all Americans are most interested at the time. No subjects in the next twelve months are going to be so important as the question of railroad rates and rebates and the question of life insurance. Both of these questions will be discussed by authorities in an impartial, careful, interesting way.
FOURTH—ITS CHARACTER. McClure's Magazine is not edited for children, but at the same time, there is never a line in it that any young girl might not read. Its advertising pages are as clean as the editorial pages.

WANTED TO TALK BUSINESS.

A business man has a daughter and also a confidential clerk, and the confidential clerk has for some time been attentive to the daughter, but he has not—nor had not a month ago—sufficient courage to come to the point, though the young woman, goodness knows, has never done anything to scare him off, for he is a first-class fellow in every respect. The other evening he was making a call, and about 9 o'clock her father came in. "Ah, George," he said, "how about that deal we were talking of this afternoon? Did you see the party?"

"Yes, sir," replied George, "and I expected to see you [this evening and tell you about it."

"My dear," said the father, turning to his daughter, "will you retire for a few minutes? George wants to speak business for a while."

The daughter rose up, but hesitated.

"Why do I have to go?" she asked, doubtfully.

"Because, dear," smiled the father, "you are not interested. Why do you want to stay?"

She blushed and flidgeted.

"Because, papa," she twittered, "I'd rather like to hear George talk business just once."

Then George got red, and the father looked at them both significantly, and the girl fled.

"DO IT TO-DAY!"

"And to think that ten months ago I looked like this. I owe it to German Syrup."

"The time-worn injunction, 'Never put off till to-morrow what you can do to-day,' is now generally presented in this form: 'Do it to-day.' That is the true advice we want to give you about that hacking cough or demoralizing cold with which you have been struggling for several days, perhaps weeks. Take some reliable remedy for it to-day—and let that remedy be Dr. Boschee's German Syrup, which has been in use for over thirty-five years. A few doses of it will undoubtedly relieve your cough or cold, and its continued use for a few days will cure you completely. No matter how deep-seated your cough, even if dread consumption has attacked your lungs, German Syrup will surely effect a cure—as it has done before in thousands of apparently hopeless cases of lung trouble. New trial bottles, 25c; regular size, 75c. At all druggists."

DEATH OF AN OLD AND HONORED FORMER RESIDENT OF THIS CITY.

We clip the following from the Rio Grande Republican, of Las Cruces, New Mexico:

DEATH OF MRS. W. R. FALL.

The sad news of Mrs. W. R. Fall's death, from pneumonia, at 4 o'clock Friday morning, was received with deepest regret by her many friends. She was sixty-five years old but retained the youth and usefulness to a very marked degree. It is not necessary to call attention to her many virtues of mind and heart, but her strong character was reflected in her every day life in this community for a number of years. We extend to her aged husband, and bereaved children, our most sincere sympathy for the great loss of a true, noble wife and faithful mother. The funeral services will be held Sunday afternoon at 3 o'clock, at the Odd Fellows Cemetery.

Mrs. Fall was a handsome young woman, who lived in this city, before the war, and married Mr. Wm. R. Fall, of Nashville, Tenn., but also formerly of this city. She was a cousin of Col. E. H. Taylor, Jr.

NEW CONFECTIONERY AND RESTAURANT.

Mr. John McGurk, of Lexington, has rented the store room of Dr. J. S. Collins, on Main street, next door to the State National Bank, and will open a first class confectionery and restaurant there on the first of April, and will make a specialty of catering. Johnny is an old Frankfort boy, having spent his childhood here, and is but returning to his old home where he has a host of friends—many of whom he made when he was a fat, jolly little fellow, employed at the drug store of LeCompte & Carpenter, on Bridge street, whose unfailing good nature and genial smile won all hearts. He proposes to keep a real up-to-date establishment and should receive the patronage he richly deserves.

Consumption

There is no specific for consumption. Fresh air, exercise, nourishing food and Scott's Emulsion will come pretty near curing it, if there is anything to build on. Millions of people throughout the world are living and in good health on one lung.

From time immemorial the doctors prescribed cod liver oil for consumption. Of course the patient could not take it in its old form, hence it did very little good. They can take

SCOTT'S EMULSION

and tolerate it for a long time. There is no oil, not excepting butter, so easily digested and absorbed by the system as cod liver oil in the form of Scott's Emulsion, and that is the reason it is so helpful in consumption where its use must be continuous.

We will send you a sample free.

Be sure that this picture in the form of a label is on the wrapper of every bottle of Emulsion you buy.

Heart Trouble Baffled Doctors.

Dr. Miles' Heart Cure and Nerve Cured Me.

There is nothing more necessary to health than sleep and rest. If these are denied you, if you rise in the morning more tired than when you went to bed, there is an affection of the nerves plainly present. If your heart is weak, or there is an inherited tendency in that direction, your weakened nerves will soon affect your heart's action as to being on serious, chronic trouble. Dr. Miles' Nerve is a nerve tonic, which quiets the nerves, so that sleep may come, and it quickly restores the weakened nerves to health and strength. Dr. Miles' Heart Cure is a great blood and heart tonic which regulates the action of the heart, enriches the blood and improves the circulation.

"Some time ago I was suffering severely with heart trouble. At times my heart would seemingly stop beating and at others it would beat loudly and very fast. Three to four hours sleep each night in ten months was all I could get. One week in last September I never closed my eyes. I got Dr. Miles' Nerve and Heart Cure at a drug store in Lawrenceburg, after spending \$500.00 in medicines and doctors in Louisville, Shelbyville, Frankfort, Cincinnati and Lawrenceburg, and in three days have derived more benefit from the use of your remedies than I got from all the doctors and their medicines. I think everybody ought to know of the marvelous power contained in your remedies."

DON'T DECEIVE YOURSELF.

Don't deceive yourself. If you have indigestion take Kodol Dyspepsia Cure. It will relieve you. Rev. W. E. Hocutt, South Mills, N. C., says: "I was troubled with chronic indigestion for several years; whatever I ate seemed to cause heartburn, sour stomach, fluttering of my heart, and general depression of mind and body. My druggist recommended Kodol, and it has relieved me. I can now eat anything and sleep soundly at night." Kodol Digests what you eat, makes the stomach sweet, palatable, strengthening and affords quick relief. Sold by J. W. Gayle.

WHY THE DIFFERENCE?

It develops that there are nearly 4,500 licenses issued to retail purveyors, by the United States, in the State of Kentucky, whereas nearly 2,000 less licenses were issued by the State authorities for the same purpose.

The query is a forcible one as to why there should be this difference?

About \$150,000 in revenue is thus lost to the State.

GALVESTON'S SEA WALL.

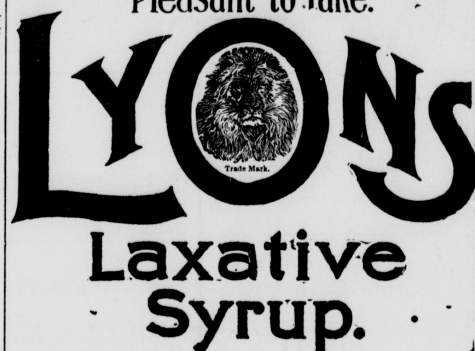

Makes life now as safe in that city as on the higher uplands E. W. Goodloe, who resides on Dutton St., Waco, Tex., needs no sea wall for safety. He writes: "I have used Dr. King's New Discovery for Consumption the past five years and it keeps me well and safe. Before that time I had a cough which for years had been growing worse. Now it's gone. Cures chronic Coughs, La Grippe, Croup, Whooping Cough and prevents Pneumonia. Pleasant to take. Every bottle guaranteed at all druggists. Price 50c and \$1.00. Trial bottle free."

REDUCED FARE TO Y. M. C. A. STATE CONVENTION.

..DEATHS..

LANTER—In this county, on Saturday, the two-year-old infant child of Mr. Jason Lanter and wife, of pneumonia.

The remains were laid to rest in our cemetery on Saturday after noon.

TIMBERLAKE—In Winchester, on Monday, Mrs. M. E. Timberlake, mother of Mrs. W. H. Hoge, of this city.

Mrs. Timberlake was a devout Christian and a member of the Baptist Church. Only two weeks before, her beloved husband passed away, after a married life of over 53 years.

After his death Mrs. Timberlake seemed to lose her hold on life and failed rapidly, dying suddenly.

Many friends here are saddened by her sudden call.

NEAT—In New Albany, Ind., on Sunday, Mrs. Hettie Williams Neat, widow of the late Dr. A. Neat, aged 52 years, of pneumonia.

Mrs. Neat was the sister of Dr. U. V. Williams, and was born and raised in this county and lived here until about the breaking out of the Civil War. Her husband was a surgeon in the Federal Army.

Mrs. Neat was an earnest, Christian woman—a member of the Christian Church. She leaves one brother (Dr. U. V. Williams), two daughters (Mrs. Emory L. Ford, of Detroit, Mich., and Mrs. Estel Brinkley, of New Albany, Ind.), and one son (Mr. B. C. Neat, of New Albany, a member of the firm of Peter, Neat & Richardson Co., of Louisville).

The remains were laid away in the New Albany Cemetery by the side of her husband and son.

This leaves Dr. Williams the last of a large and highly respected family. He has the sympathy of many friends in his affliction.

BLACKBURN—At his home, near Woodlake, this county, on Wednesday, at 3 o'clock, a. m., Mr. Burbridge Blackburn, aged 68 years, of consumption.

Mr. Blackburn was a genial, whole-souled gentleman, ever ready for innocent fun and amusement. He had followed farming all his life. He was a member of Providence Baptist Church.

He leaves a wife and one sister (Mrs. Bettie Benton) to mourn his death. He was the last, but one of a large and highly honorable family of sons and daughters of the late Mr. Thos. Blackburn, of this county.

He was our schoolmate and friend through the long years that stretch from the "old stone school-house," in the '50's, at Woodlake, down to the present. He was a gallant soldier in the Confederate Army. He had suffered from pulmonary trouble for many years and made a game fight to the last, sitting up in his room only the day before he passed away.

May he rest in peace.

We tender to his desolate and lonely wife our sincerest condolence.

The funeral and burial took place on Thursday, the services being conducted by Rev. Dr. M. B. Adams, and the remains being placed in the family lot in our cemetery.

RECENT DEMISE OF A SOUTHERN WOMAN WHO KEPT UNDERGROUND STATION.

Down at Port Tobacco, Southern Maryland, where colonial customs still prevail, and the telephone and the telegraph are still almost unknown, there was buried recently Miss Olivia Lloyd, famous throughout the south as one of the "runners" of the "underground railroad."

She became one of the runners in the underground railroad between Washington and Richmond, and although her place was surrounded and searched several times, so sharp was her lookout, and so careful her conduct, and so many her resources that the Federal troops were never able to catch either her dispatches or convoys of merchandise. She conveyed clothes, money and letters through the lines from prisoners.

One fugitive intrusted \$80,000 in bank notes to Miss Lloyd. She hid the money in the stuffing of a hassock. Federal soldiers frequently searched the house, and even sat upon the hassock, ignorant that it contained a fortune. The full amount of this deposit subsequently was returned to the owner.

She assisted many escaped prisoners to pass the lines, hiding them in the woods and feeding them until an opportunity for escape occurred, and then passed them across the Potomac—Richmond Times-Dispatch.

Deputy Jailor Walter Wigginton has somewhat changed the order of things at Castle Bridges. All of the county prisoners sentenced for misdemeanors are being put to work on the boulevard between the two bridges. He is widening the roadway and putting in drains to carry off the surface water.

This roadway has been in bad condition for a long time, and we rejoice to see this work done.

J. O. JOHNSON CO.

FIRST ANNUAL STATE FARMERS' INSTITUTE.

To Be Held at Frankfort, Ky., February 25th and 26th and March 1, '06. Under the Auspices of the State Department of Agriculture, Labor and Statistics—For the Development of Kentucky's Agricultural and Kindred Interests.

OBJECT.

The object of the State Farmers' Institute is to bring the farmers of the State into closer relation with each other and with the Department of Agriculture for their mutual benefit, to interchange ideas, to encourage legislation for the benefit of the farmers, and to lift Kentucky to the front of agricultural States.

The Institute is to be the central body of farmers in the State, and it is to be a permanent institution. The local clubs or institutes are to become members of this body, and they will be expected to send delegates to the State meetings to take part in the deliberations, and to present the needs of their respective counties. The State body will work in conjunction with the State Department of Agriculture and will serve to bring the farmers and the Department into close contact with one another to the end that the farmers may be enabled to get direct and substantial benefits from it.

ORGANIZATION.

As soon as the delegates are assembled, it is the purpose to elect a permanent organization and elect officers as follows:

President.
First Vice President.
Second Vice President.
Secretary.
Treasurer.
Each county shall have one vote on the question of organization, but after the organization is effected the Institute may determine for itself the manner of voting on all proposition coming before it.

MADE FROM NATIVE ROOTS.

SAFE AND RELIABLE.

That the roots of many native plants, growing wild in our American forests, possess remarkable properties for the cure of human maladies is well proven. Even the untutored Indian had learned the curative value of these roots, and taught the early settlers their uses. The Indian never liked work so he wanted to get well as soon as possible that he might do the work and let him hunt. Therefore, he dug "papoose root" for, for that was their great remedy for female weakness. Dr. Pierce used the same root—called Blue Cohosh—in his "Favorite Prescription," skillfully combined with other agents that make it more effective than any other medicine in curing all the various weaknesses and painful derangements peculiar to women. Many afflicted women have been saved from the operating table and the surgeon's knife by the timely use of Doctor Pierce's Favorite Prescription. Tenderness over the lower pelvic region, with headache, spells of dizziness, faintness, bearing down pains or distress should not go unheeded. A course of "Favorite Prescription" will work marvelous benefit in all such cases, and generally effect a permanent cure if persisted in for a reasonable length of time. The "Favorite Prescription" is a harmless agent, being wholly prepared from native medicinal roots, without a drop of alcohol in its make up, whereas all other medicines, put up for sale through druggists for woman's peculiar ailments, contain large quantities of spirituous liquors, which are very harmful, especially to delicate women. "Favorite Prescription" contains neither alcohol nor harmful habit-forming drugs. All its ingredients are printed on each bottle wrapper. It is a powerful invigorating agent, restoring health and strength in particular to the organs distinctly feminine. For weak and sickly women, who are overworked or debilitated, especially for women who work in store, office, or school-room, who sit at the typewriter or sewing machine, or bear heavy household burdens, and for nursing mothers. Dr. Pierce's Favorite Prescription will prove a priceless benefit because of its health-restoring and strength-giving power.

For constipation, the true scientific cure is Dr. Pierce's Pleasant Pellets. Mild, harmless, yet sure.

REPRESENTATION.

While each county will have one vote in the matter of organization, it is urged that every county send as many delegates as will agree to come. It is very important to the agricultural interests of the State that this, the first State Institute, should be a signal success.

PROGRAMME.

While the programme has not yet been completed, some of the most eminent lecturers in the country have been invited to participate and it can confidently be said that it will be one of the most interesting programmes ever carried out in this State. Among those invited to participate are: Dr. Cyril G. Hopkins, of Illinois University; P. G. Holden, of Iowa; Joseph E. Wing, of Ohio; Gifford Pinchot, head of the National Department of Forestry; Prof. J. K. Patterson, of Kentucky State College; Prof. M. A. Stowell, Director of the State Experiment Station; Prof. H. Garman, State Entomologist and other men of national reputation, including a prominent road expert.

Governor Beckham will be invited to deliver the address of welcome for the State and Mayor E. F. Hume will deliver the address of welcome for Frankfort. Programmes will be sent out as soon as completed.

REDUCED RATES.

Application has been made for reduced rates on all railroads in the State. Delegates are requested to take certificates from agents in order that they may get the advantage of reduced rates returning.

ENTERTAINMENT.

The Frankfort Business Men's Club will entertain the delegates at a banquet and other entertainment will be provided, including a visit to the New Capitol Site. The Business Men's Club will establish a bureau of information which will look after the comfort of the delegates and guests and will provide badges for all delegates. The Legislature will still be in session and they will be invited to attend the Institute in a body. Every county should feel that the agricultural interests of the State are on trial and should see to it that determined, interested men are sent as delegates. Respectfully,

HUBERT VREELAND,
Commissioner.

GAVE THE BUSINESS AWAY.

When Thomas drove up to deliver the usual quart of milk, the gentleman of the house kindly inquired: "Thomas, how many quarts of milk do you deliver daily to your customers?"

"Ninety-one, sir."

"And how many cows have you?"

"Nine, sir."

The gentleman made some remark about an early winter and the state of the roads and then asked:

"Thomas, how much milk per day do your cows average?"

"Seven quarts, sir."

"Ah—um!" said the gentleman, as he moved off.

Thomas looked after him, scratched his head, and all at once grew pale as he pulled out a short pencil and began to figure on the wagon cover: "Nine cows is nine, and I set down seven quarts under the cows and multiply. That's 63 quarts of milk. I told him I sold 91 quarts per day. Sixty-three from 91 leaves 28, and none to carry. Now, where do I get the rest of the milk? I'll be hanged if I haven't given myself away to one of my best customers, by leaving a big cavity in these figures to be filled with water!"

CLIMATIC CURES.

The influence of climatic conditions in the cure of consumption is very much overdrawn. The poor patient, and the rich patient, can do much better at home by proper attention to food digestion, and a regular use of German Syrup. Free expectoration in the morning is made certain by German Syrup, so is a good night's rest and the absence of that weakening and debilitating night sweat. Restless nights and the exhaustion due to coughing and the greatest danger and dread of the consumptive, can be prevented or stopped by taking German Syrup liberally and regularly. Should you be able to go to a warmer climate, you will find that of the thousands of consumptives there, the few who are benefited and regain strength are those that use German Syrup. Trial bottle 25c; regular size, 75c. At all drug gists.

LETTER FROM CHINA.

Canton, China, Dec. 13, 1905.

Dear Brother:

You see I am not "waiting for more news," as you said you had done, but advised me not to do.

I was interrupted while writing the above sentence by a wedding procession. The groom, of course, is not in it. In front were several men beating very loud, but doleful, gongs, and blowing a shrill pipe, followed by a host of other men and children carrying various sorts of ensigns and the bride's presents, scattered out so as to make a show.

Among these presents may be seen boxes, chairs, benches, buckets, cooking utensils, some provisions, etc., some of the things new and some old—including clothing and such things.

Near the rear of the procession follows the bride in a highly decorated sedan chair. This is only what I saw in about two minutes. I heard them shouting fire-tracker just after getting out of sight. This is one of the most common forms of worship among the Chinese. They seem to feel that great noises will frighten the devil away.

Well, it is needless to say I enjoyed your letter. How glad I was to hear that a few more had been gathered into the fold, and especially to hear that "the boys" were coming in. The boys are often in my mind and on my heart. Please give them my love. How my heart goes out for the boys and girls of a community, and especially a community where I have come to know them as I do those at Switzer.

I was glad to hear of the good meeting at Woodlake. Please remember me kindly to Bro. and Mrs. Powers. I think of them often, with fond memories of the sweet experiences in their home.

And two more points in your letter brought joy to my heart—rather three more: I was glad to hear that Tom, Willie Dawson, and others, were in school at Georgetown; of the increased contributions of the Franklin Association, and of Willie's successful career. I had just been wondering where he was and what he was doing. I am expecting great things from him. I wish we had more young men like him.

How is your mother getting along now? Tell her to write just a little and put it in your next letter. I do not mean to limit her to "just a little," but the little would be appreciated.

You see I am back in Canton, I am sorry to say.

You have doubtless read of the Lien Chow Massacre, which occurred on the 28th of October. Five American missionaries were murdered in a most brutal manner, and all the mission houses burned. It was the Presbyterian mission, composed of seven missionaries and eight good houses—two hospitals, school building and dwelling houses.

I believe I sent you a paper describing somewhat, the massacre in detail. After burning all the houses and tantalizing the mission, they followed them into a cave, with a temple at the entrance, and which proved to be only a trap into which a supposed friend had led. They recognized that it was only a trap, but too late for escape. Two, in a most marvelous way, found a hiding place until the mob of about six thousand had left. I can not (must not) go into details further than that the five were found and dragged out of the cave, stripped and jeered at by the brutal mob and then murdered.

Mr. and Mrs. Peel, strong, cultured young people, had just come out and had not been quite two days in their station. The young husband was murdered first, in the presence of the young wife, who standing thus exposed and forced to see what none but demons could want to see.

They (the mob) then went and desecrated the graves of those who had already died on the field.

But I must not continue this. I prefer not to think of it. Would that I could forget it.

Well we were the next station nearest to Lien Chow, and the anti-American boycott agitators were having regular meetings and stirring up a people hitherto friendly, and had already threatened that we should not remain in Yingkat. An attempt had been made to burn Dr. Hayes' house, not yet completed—though Dr. Hayes was living in it.

Upon this we received a message

from our consul stating that the situation was growing worse and advising us to "come at once to Canton."

So we bundled together a few clothes and reached Canton safely under a guard of soldiers.

Some of the other missionaries said that we had barely escaped with our lives.

We came in an old cargo boat—not tall enough for us to stand in and very filthy. There were six of us grown people and two small babies (Mrs. Saunders and Mrs. Hayes'), besides about twelve Chinese, two goats, two large hogs, some chickens, ducks, etc., and the cooking department.

We made the trip down in four days, there being a good north wind with us most of the way.

The Consul has gone to Lien Chow to try some of the leaders of the massacre and we look for him back to-day. This depends on the disposition of this first outbreak. The harbor is pretty well filled with foreign warships. Four of these (and three, by far the greatest and most powerful, are American—one battleship, two torpedo boat destroyers and one gunboat).

We are now waiting to see what the Consul is going to do. If matters can be adjusted we hope to return to Yingkat. Dr. Hayes and I may go the last of this week or the first of next, but we shall not attempt to take the women and children with us.

I fear, however, the trouble will not be easily settled.

I trust America will treat the Chinese justly, but I am sure it would not be advisable to open the doors to all classes of Chinese. The time has not come for that yet. If we must "have it out with them," why the quicker the better.

I think it would greatly hurt the United States just at this time to concede to the demands of China.

I am here to do all I can for China, but leniency on the part of the surgeon may sometimes allow the disease to eat more deeply into the vitals of life.

I am glad I am here. I prefer being here to any other place in the world.

The very fact that such things can happen in China is the chief reason why I am here. Eye and bye China will be changed. It is now literally and figuratively one huge "graveyard," a tremendous rotten mass, but China is going to be redeemed. It must be. I am expecting it.

Pray for us and for China. Please remember me kindly to Brother Taylor, and all my friends there.

May the Lord bless you all. Your devoted friend,

E. P. ROACH.
